

PAL AIRLINES PROVIDES SEAMLESS CONNECTIVITY

ADDED CONVENIENCE WITH INTERLINE FLIGHTS!

PAL Airlines is excited to announce that we have launched a new interline agreement with Air Canada! This agreement offers passengers a seamless travel and convenient booking experience, allowing passengers to make bookings through a single reservation and transfer between our flights and Air Canada's domestic, transborder and international networks without having to reclaim luggage or complete a new check in process.

Complementing our recent network expansion, PAL Airlines is now able to offer interline connectivity with both Air Canada and WestJet. The reservations process, travel on our network, and connections to the carrier of the customer's choice is now easier than ever before!

Interline bookings are currently available through your preferred Travel Agent. We look forward to welcoming you onboard soon!
